The fields below are used for long relief and short relief stats. Long relief is used for any relief pitching stats up thru the 7th inning. Short relief is relief pitching stats from the 8th inning on(including extra innings). If a relief pitcher pitches the 7th & 8th innings, his 7th inning stats will be in the long relief fields and his 8th inning will be in the short relief field. **All splits start in 2005. Before 2005, all relief stats are in the long relief fields. All sacrifices(bunts and flies) are in sac fly fields pre-2005.**
